leather/material types

florentine
NAPA **FN**

Our Florentine Napa is the finest quality drum dyed Napa finished cowhide. We only use the finest quality skins for its production. The Florentine Napa is distinguished by its softness, suppleness and durability.

vaqueta
NAPA **VN**

Our Vaqueta Napa is among the finest Colombian vegetable tanned cowhides. This leather is unique because it combines extraordinary strength with lightweight, rich texture and softness. As this leather ages it becomes more beautiful much like cognac becomes more exquisite with age.

cowhide
LEATHER **CL**

Cowhide leather is our designation for a general selection of our finest cowhide leathers.

leather/
NYLON **LN**

Our Metro collection is a combination of fine cowhide leather married to a durable and resilient water-resistant ballistic type nylon denier.

venetian
LEATHER **VL**

Venetian Leather is our newest addition of genuine split leather. This leather exemplifies elegance with a rich softness and subtle grain at a sensible price.

genuine
LEATHER **GL**

Our Genuine Leather is our split leather for the price conscious customer whose needs are a quality product at a reasonable price.

imitation
LEATHER **PV**

Our PV material mimics the finest napa leather – the most soft and supple leather substitute created! Now items marked  can be special ordered in Spring, Ocean, Pumpkin & Black. Minimum order 100 units.
